2015**

About Georgetown Ministry Center

For 28 years, Georgetown Ministry Center has found solutions for the most vulnerable and service-resistant people who are homeless on the streets of Georgetown. GMC builds relationships with the homeless community through street outreach with medical and psychiatric doctors during the day and hypothermia outreach on the coldest winter nights. At their day center – one of few in the city that is open 7 days a week, 365 days a year – GMC builds trust by offering basic services, such as showers and laundry, and by beginning the conversation about the next steps toward ending someone's homelessness.

GMC's overnight winter shelter, hosted by their member congregations, provides stability and motivation for positive change. Under the leadership of Gunther Stern, who has served as Executive Director for the past 25 years, GMC has improved the lives of many in the Georgetown community.

All donations benefit Georgetown Ministry Center, a 501(c)(3) nonprofit organization, and are tax deductible to the extent permitted by law.
